

Winter Lights

2021 Product Catalog

Welcome to our 2021 Product Catalog!

Specializing in LED lights and displays, we have products for outdoor and indoor use. Our commitment to customer service, product quality, and energy efficiency is evident in all that we do.

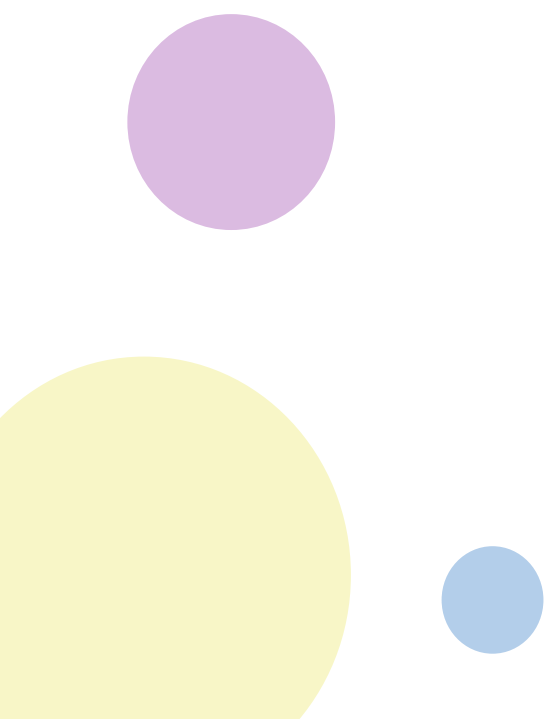

CLG Displays is an experienced supplier of a wide range of festive illumination products to cities, towns, and villages across Western Canada. We also have festive lighting solutions for businesses, shopping malls, and property management groups.

Please do not hesitate to contact us and discuss your specific illumination program. We look forward to working on and finding solutions and rewards for all our customers' illumination needs.

Sincerely,

Scott Machej and Lawrence Taylor
Owners
CLG Displays

AURORA
Powered by Limbic Media

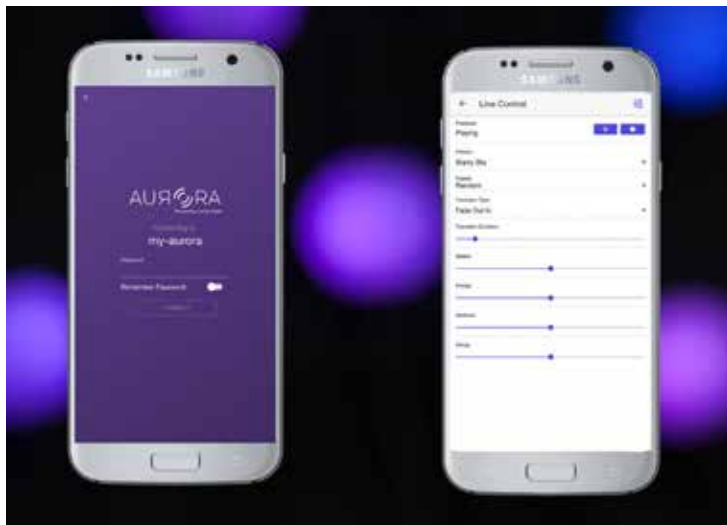

The most sophisticated and user-friendly sound reactive lighting in the market. Just plug it in and it works. No computer needed. No complicated software required.

Aurora used patented audio analysis algorithms to unravel sound in ways that no human being or lighting designer can. Audio information is analyzed in real-time to extract features as input into an AI-based lighting engine

*See Music Like
Never Before*

Aurora

Control Aurora via DMX IN or wirelessly via the Android or IOS app. Available controls:

Brightness	Transition type/duration
Pattern	Audio Reactivity on/off
Colour palette	Live Mode/DMX Mode (control Aurora in real-time)
Speed	Auto or Manual gain control*
Variance	Set number of lights per ports*
Energy	Show Mode (run a playlist of timed lighting cues)*

*Not available with DMX IN

Step 2 - Choose a banner arm

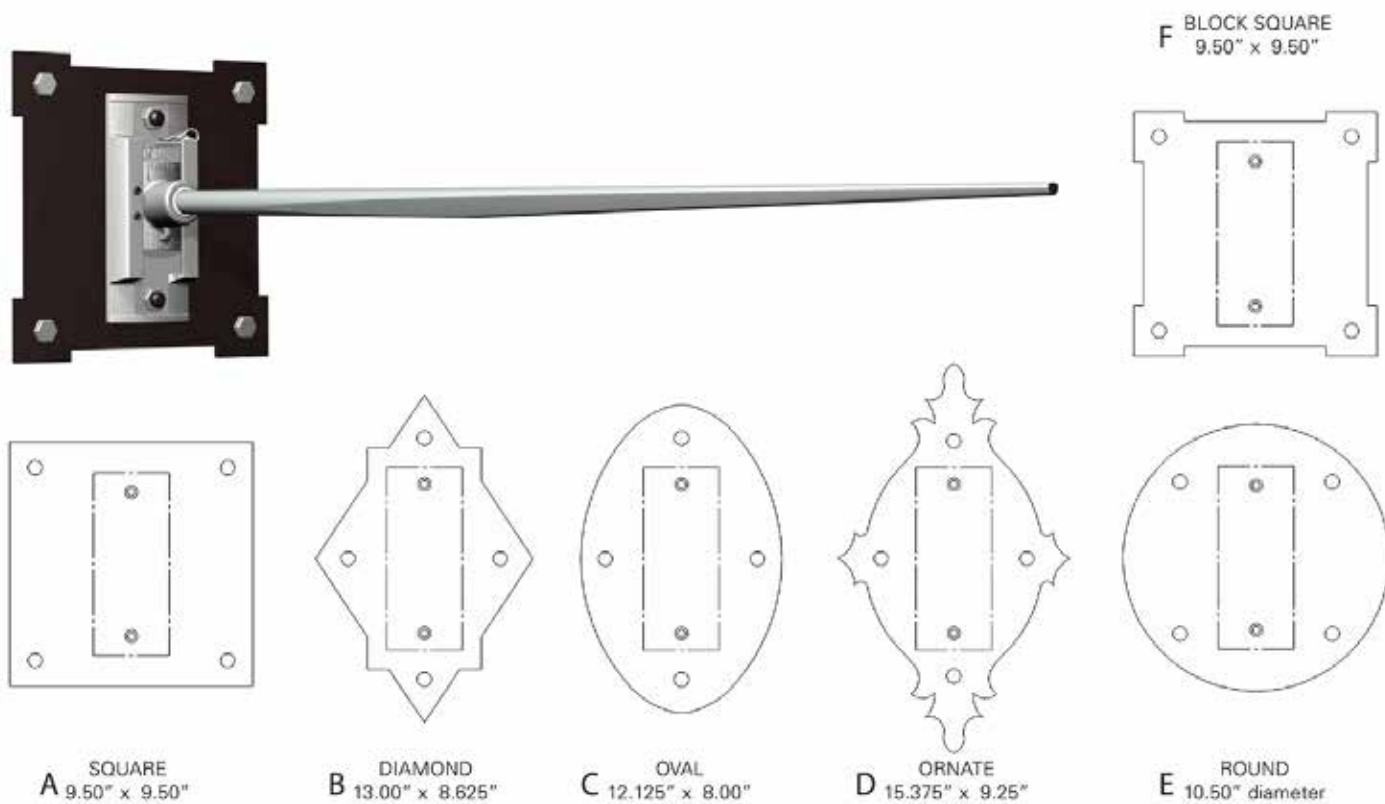

Standard Round Fibreglass Arm

Premium Airow Rod

BannerFlex Bracket Wall Mount

Notes

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Warranty Information

CLG Displays is proud to present the high quality products that we have assembled for inclusion in this catalog. We carefully screen suppliers for consistency, durability, overall quality and price, and conscientiously choose the best products available at the most reasonable prices.

All LED light sets meet CSA standards and all displays are inspected to the CSA SPE1000 standard when they reach our warehouse. All displays are available with either incandescent or LED lights. The pole mount, wall mount and ground mount displays are the most strongly-built and durable commercial displays available. The pole mount displays are designed to withstand 80 kmh winds with no ice load.

CLG Displays warrants to the original buyer that all lights and displays will be free from manufacturer defects.

Under normal conditions of use and service this warranty is extended for five seasons for all frames and mounting hardware, three seasons for garland and electrical wiring, and one season for all computerized lighting modules.

There is a three year warranty on LED light sets and a one year warranty on LED screw in bulbs.

Under this warranty CLG Displays' obligation to repair or replace does not include associated installation / removal or shipping costs. CLG Displays is not responsible for any products damaged or lost due to vandalism, theft, extreme weather conditions, or acts of God and will make efforts to repair or replace such product for an additional charge.

All dates are subject to change due to strikes, accidents, weather, or delays beyond CLG Displays' control.
